

Dear San Diego Team Tennis Parent,

Thank you so much for having your player in our 2024 San Diego Fall Team Tennis League. As we are moving through our Sunday matches, here are a few things to know.

Sectionals

Teams that receive 1st place in their divisions will go to Sectionals located in Palm Springs, Dec 14-15 weekend. More details to come as the date nears. This is for 10s green and all 12s, 14s and 18s high school divisions. 10s Orange will be Jan 11 with the site TBD.

Sportsmanship

We have had some matches in which there have been some interesting line calls and behavior. Our league goes by the same standards as the USTA code of conduct. Please look to make sure to call the score out each time "out shots" that are hit... with a verbal out call and hand single and any ball on the line is "good". Please keep your "are you sure" comments within reason.

HERE IS A GREAT FREE PODCAST THROUGH SPOTIFY ON THIS AND I HIGHLY RECOMMEND EVERY PARENT LISTEN TO IT!

It is a podcast called The Tennis Pros of San Diego Unmatched and has some of the most highly respected coaches and influencers in the game.

This one is with our guest Greg Prudhomme who is a mental coach, previous college coach, tennis director and now GM of a tennis club. You will be amazed at how this will apply to you and/or your player when it comes to team tennis and more: <https://open.spotify.com/episode/7EPbK0tIMCmrp6SpJn4ghs?si=817a1e986d614d89>

There are many other podcasts with the Tennis Pros of San Diego Unmatched and feel free to listen and follow as we have over 40 of them with thousands of listens.

WTN Ratings

All results are now in WTN as you can look up your player's WTN rating/scores/results at this site and please remember this is just a number for reference and should not be the sole thing to look at. What to look at is your player's development as a student of the game and continuing to learn:

<https://worldtennisnumber.com/eng/player-search>

As you know NCAA, all USTA tournaments and team tennis are now using the WTN and not the UTR. San Diego High school tennis will be using WTN in the fall of 2025 as well. LA, OC and everyone up north is already using WTN for their high school results.

Thanks and please email me with anything as I am here to help San Diego tennis grow to its fullest potential!
