

Pacific Beach Tennis Club Expanding Pickleball Program

March 11, 2023 - Pacific Beach Tennis Club (PBTC) is excited to announce expansion and enhancement of our pickleball program offerings including professional instruction, clinics, competitive "Open Play", and cardio pickleball. Pickleball, an increasingly popular and rapidly growing racquet sport in San Diego, combines elements of tennis, badminton, and ping pong. At PBTC, players can play pickleball and tennis on our 8 well lighted tennis and pickleball courts.

PBTC's mission is to provide a social experience that caters to people of all ages and abilities who share a passion for racquet sports including pickleball and tennis. PBTC's programs are designed to create a welcoming environment for all types of players ranging from novice to advanced.

With the increased demand for pickleball and a shortage of courts in San Diego, PBTC provides a home where pickleball players can enjoy a broad range of program options. PBTC aims to bring tennis and pickleball players together "under one roof", creating a common location and integrated environment for all racquet sport players.

The Pacific Beach Tennis Club has a rich history in the San Diego community. PBTC was founded in 1961 when a group headed by Dr. James Grant raised sufficient funds to construct six courts on land that the city of San Diego provided. Subsequently, a small clubhouse and two additional courts were added as well as the present lighting system.

While the club was founded and is still operated by avid tennis players, PBTC has welcomed and embraced the sport of pickleball on its home courts. The club is committed to providing a welcoming environment for all players where people of all ages and abilities can come together and enjoy the benefits of a healthy and active lifestyle.

You can reserve your own court to play at www.pbtennis.com Be sure to check out PBTC's upcoming pickleball offerings starting in April.
